

Ballymun/Finglas to City Centre Core Bus Corridor Scheme

Construction Update – September 2026

We previously wrote to you in May 2026 regarding the temporary construction of a compound within the parklands at Claremont Lawns, to support the delivery of the Ballymun/Finglas to City Centre Core Bus Corridor Scheme.

Additional space is required to support the efficient delivery of the construction works associated with the scheme. As a result, the construction compound will be extended beyond its current footprint as shown in the map below.

Works to increase the compound area are expected to commence on 28 September 2026 and will take approximately six weeks to complete. These works are essential to ensure the compound can adequately accommodate the facilities, storage, and operational requirements needed to deliver the project safely and effectively.

Once the extension works are complete, the compound will operate as a temporary construction facility for the duration of the project, which is currently scheduled for completion by the end of 2028. We appreciate residents' patience and understanding while these necessary works are carried out. Every effort will be made to minimise disruption during the compound extension works.

The compound extension will be located at the junction of Finglas Road and Claremont Lawn, immediately south of Finglas Road and east of Claremont Lawn in Finglas, Dublin 11. Access to the compound will be via Claremont Lawn at the north-west corner of the site.

For live construction updates in your area, please visit ballymunfinglasscheme.ie, to view our interactive web map.

FAQs

What is the Ballymun/Finglas to City Centre Core Bus Corridor Scheme

The Ballymun/Finglas to City Centre Core Bus Corridor Scheme forms part of the BusConnects Dublin programme, which is a transformative city-shaping initiative designed to make bus journeys more reliable and efficient, while also delivering major improvements to cycling and pedestrian infrastructure across the Greater Dublin Area

What is a construction compound?

Construction compounds are secure sites used for storage of materials, plants, equipment, offices, welfare facilities for operatives, and limited parking.

What happens to the construction compound once construction is completed?

The site will be cleared and restored to its pre-existing condition, including replacement of any trees removed.

What safety measures will be in place?

All site perimeters will be fenced off with clear and prominent signage. Any lighting required for the site after hours will be considerate to the surrounding area. Regular site safety inspections will be undertaken throughout the duration of the project.

How will dust and dirt on nearby roads be managed?

Appropriate measures will be taken to minimise any dust or dirt that may be generated within the compound. We are committed to maintaining surrounding roads and public areas in a clean, safe, and tidy condition throughout the works.

How will access to the area be managed during works?

A comprehensive Traffic Management Plan (TMP) will be developed and implemented in agreement with Dublin City Council and key stakeholders. The plan is designed to maintain safe and efficient access, while minimising disruption to local traffic, pedestrians, and cyclists.

What measures will be put in place to mitigate the visual impact of the compound site and lighting?

Compounds will be surrounded by hoarding with BusConnects branding and information. Lighting will be angled downward to minimise disturbance and improve visibility for pedestrians.

Scéim Bhaile Munna/Fhionnghlaise go Lár na Cathrach

Nuashonrú Tógála. Meán Fómhair 2026

Scríobhamar chugat roimh ré i mBealtaine 2026 maidir le tógáil shealadach de chompún laistigh d'fhearann páirce Phlásóga Claremont, d'fhonn tacú le seachadadh Scéim Chroíchonair Bhus Bhaile Munna/Fhionnghlaise go Lár na Cathrach. Tar éis athbhreithniú mionsonraithe a dhéanamh ar riachtanais an tionscadail, cinneadh nach soláthróidh méid reatha an champúin spás leordhóthanach chun tacú leis na gníomhaíochtaí tógála is gá faoin scéim ar bhealach sábháilte agus éifeachtúil. Mar thoradh ar sin, is gá an compún tógála a leathnú thar a mhéid reatha.

Meastar go gcuirfear tús leis na hoibreacha chun limistéir an champúin a mhéadú an 28 Meán Fómhair 2026 agus tógfaidh sé thart ar sé seachtaine iad a chríochnú. Is oibreacha riachtanacha iad seo chun a chinntiú go mbeidh an compún in ann freastal go cuí ar na saoráidí, an áit stórála, agus na riachtanais oibríochta is gá chun an tionscadal a sheachadadh go sábháilte agus go héifeachtach.

A luaithe a bheidh na hoibreacha leathnaithe críochnaithe, feidhmeoidh an compún mar shaoráid tógála shealadach ar feadh ré an tionscadail, atá beartaithe faoi láthair le bheith críochnaithe roimh dheireadh 2028. Is mór againn foighne agus tuiscint na gcónaitheoirí agus na hoibreacha riachtanacha seo á ndéanamh. Déanfar gach iarracht an cur isteach a íoslaghdú le linn na noibreacha sínidh ar an gcompún.

Beidh síneadh an champúin suite ag acomhal Bhóthar Fhionnghlaise agus Fhaiche Claremont, díreach ó dheas de Bhóthar Fhionnghlaise agus soir ó Fhaiche Claremont i bhFionnghlaise, Baile Átha Cliath 11. Beidh rochtain ar an gcampún trí Fhaiche Claremont ag cúinne thiar thuaidh an tsuímh.

Chun nuashonruithe beo ar an obair thógála i do cheantar a fháil, tabhair cuairt ar ballymunfinglasscheme.ie, chun ár léarscáil ghréasáin idirghníomhach a fheiceáil.

CCeanna

Cad í Scéim Chroíchonair Bhus Bhaile Munna/Fhionnghlaise go Lár na Cathrach?

Tá Scéim Chroíchonair Bhus Bhaile Munna/Fhionnghlaise go Lár na Cathrach mar chuid de chlár BusConnects Bhaile Átha Cliath, ar tionscnamh claochlaitheach é a mhúnláionn an chathair atá beartaithe le turais bhus a dhéanamh níos iontaofa agus níos éifeachtúla, agus lena gcuirtear feabhsuithe móra ar an mbonneagar rothaíochta agus coisithe freisin ar fud Mhórchéantar Bhaile Átha Cliath.

Céard is compún tógála ann?

Is láithreáin shábháilte iad compúin tógála a úsáidtear chun ábhair, gléasra, trealamh, saoráidí leasa d'oibrithe a stóráil, agus le haghaidh páirceáil theoranta.

Céard a tharlóidh don chompún tógála agus an tógáil críochnaithe?

Glanfar an láithreán, agus cuirfear ar ais é mar a bhí sé roimhe sin, lena n-áirítear aon chrainn a baineadh a athsholáthar.

Cad iad na bearta sábháilteachta a bheidh i bhfeidhm?

Cuirfear fál thart ar an láithreán ar fad agus comharthaíocht shoiléir agus fheiceálach air. Léireofar meas ar an gceantar máguaird maidir le haon soilsiú iar-ama a theastaíonn don láithreán. Déanfar cigireachtaí sábháilteachta láithreáin rialta i rith an tionscnaimh.

Conas a dhéanfar deannach agus salachar ar bhóithre in aice láimhe a bhainistiú?

Déanfar bearta cuí chun aon deannach nó salachar a d'fhéadfaí a ghiniúint laistigh den champún a íoslaghdú. Táimid tiomanta do na bóithre agus na limistéir phoiblí máguaird a choinneáil glan, sábháilte agus slachtmhar i rith an tionscadail

Conas a bhainisteofar rochtain ar an limistéar le linn na n-oibreacha?

Forbrófar Plean Bainistíochta Tráchtá (PBT) cuimsitheach, agus cuirfear i bhfeidhm é, i gcomhaontú le Comhairle Cathrach Bhaile Átha Cliath agus le páirtithe leasmhara tábhachtacha. Tá an plean ceaptha chun rochtain shábháilte agus éifeachtúil a chaomhnú, agus cur isteach ar thrácht áitiúil, coisithe agus rothaithe a íoslaghdú ag an am céanna.

Céard iad na bearta a chuirfear i bhfeidhm chun tionchar físiúil láithreán an chompúin agus an tsoilsithe a mhaolú??

Beidh an compún timpeallaithe ag clársconsa a bhfuil brandáil BusConnects agus eolas faoi air. Claonfar an soilsiú síos d'fhonn aon chur isteach a íoslaghdú agus chun léargas a fheabhsú do choisithe.
